THE BOOK OF GENESIS

From Paradise to Prison

This is, without a doubt, a fascinating time to be a Bible-believing Christian. . . . Today we can watch as the concept of evolution self destructs. It has never been well supported by the evidence, and now many scientists are coming forward to point out its weaknesses. Many have recognized the total inability of chance, random processes to produce the incredible complexity we see around us — especially in living systems. Students of earth history have abandoned the creed of former decades, that "the present is the key to the past", and are proposing instead secular theories of past events which sound almost Biblical in their proportions.

"Sin entered the world through one man, and death through sin, and in this way death came to all men, because all sinned" (*Romans 5:12*)

CONFUSION

For God to be sovereign over all, He must put down the rebellion of His creation against Him, remove the rebellious ones, reinstate an Adam-like representative to rule over His Kingdom, & restore His Kingdom on Earth... Exactly how God is working out the restoration of His Kingdom on Earth is the unifying theme of the Bible.
